Mr. President,

The FFA Convention is November 8-10
in Kansas City.

L.K. Moss originally wrote to me about
it. I decided to put it in our
"Pending status" file.

L.K. Moss will be in to say hello next
week, so I'm including copies of our
correspondence for your information.

I think it best to wait a few weeks
before making a final decision on this.

Dear Mr. Moss:

I am writing to acknowledge and thank you for your recent letter inviting the President to address the delegates to the National Future Farmers of America Convention in Kansas City, Missouri, on November 9, 1978.

I hope you will understand that we cannot now know what the official demands of the President's schedule will require this far ahead. I have, however, noted this date and will carry it forward. Nearer November, when we have some better idea of the President's availability, I will be in touch with you.

Please know that the President appreciates your writing as you did, and especially appreciates your including "news from home." He sends his warm good wishes.

Sincerely,

Dear Ms. Voorde:

Some members of the Georgia Future Farmers of America (F.F.A.) have asked that I get in touch with the President and invite him to speak to delegates at the National F.F.A. Convention in Kansas City, Missouri, on November 8 or November 9, 1978. The National Future Farmers of America Office has contacted the Georgia Office suggesting that President Carter be asked to be the speaker at the annual convention this year. The Georgia Office, in turn, asked me to write the President.

Mr. Carter is a former member of the F.F.A. and he knows that this is the Fiftieth Anniversary of the Organization. Some of his classmates and former F.F.A. fellow members in Sumter County will be attending this Convention. Possibly two or three of his "old" teachers will be attending, too.

It is my opinion that this would be a good opportunity for the President to go across the Mississippi River and join in the farm activities.

If possible, the F.F.A. Organization would like for me to let them know if the President will be able to attend and speak at the Convention. They need to know not later than June. If the President is not sure, but thinks he can attend, we can wait on a definite answer.

I will greatly appreciate your showing this letter to the President or at least conveying a message to him. Please tell him that he is always welcome in our "community," and we hope he can come by to see us soon. Also, please tell him that Sybil joined our Church (Buena Vista First Baptist) recently.

Thank you very much for your assistance and cooperation.

Respectfully yours,

L. K. Moss

MEMORANDUM FOR THE PRESIDENT AND FIRST LADY

FROM:

FRANK MOORE *F.M. Moore*

The Public Broadcasting network showed an hour-long special on Speaker O'Neill on Tuesday, July 18. There was to have been a premiere showing of this film and a reception honoring the Speaker which had to be canceled. The Speaker was very disappointed.

I think it would be a very nice gesture for you to invite the Speaker and his wife and a few others from the Hill (approximately 15) to come down to the White House some evening within the next week or so to view the film in the Family Theater.

Friday, July 21, 1978

9:49 (2 minutes)

The Oval Office

FROM: FRANK MOORE *F.M./BR*

I) PURPOSE

A photo with the President

II) BACKGROUND, PARTICIPANTS AND PRESS PLAN

A. Background: Beryl Anthony is the Democratic nominee from the 4th District of Arkansas. Anthony has no Republican opposition and thus is to be a member of Congress this January. Anthony, a former prosecuting attorney from El Dorado, Arkansas and member of a well established family with interests in gas and oil, won the June 13 runoff against Secretary of State Winston Bryant with 52% of the vote. Anthony survived a wide open primary on May 30 in which Bryant had won 16 of 24 counties. In the primary, Anthony carried all but 5 of the state's 24 counties.

B. Participants: The President and Beryl Anthony

C. Press Plan: White House Photographer

III) TALKING POINTS

1. Usual courtesies

2. Anthony's interest in a spot on the Agriculture Committee. He met with Secretary Bergland on Wednesday morning as well as with Jack Watson, also from Arkansas.

3. His strong comeback in the runoff.

MEETING WITH SENATOR ALAN CRANSTON

Friday, July 21, 1978
11:30 a.m. (20 minutes)
Oval Office

From: Frank Moore *F.M./BR*

I. PURPOSE

To discuss with Senator Cranston the views on various Administration foreign policy and domestic initiatives.

II. BACKGROUND, PARTICIPANTS & PRESS PLAN

A. Background: Despite the fact that the Senator is the second highest ranking member of the Senate Democratic leadership (Majority Whip), he has been opposed to some of our key domestic and foreign policy proposals. Examples of his opposition are the B-1 bomber, the veterans' preference and equal employment opportunity provisions of our civil service reform bill, the renegotiation board, the Middle-East arms sale, and the Turkey arms embargo. On some of these issues, such as the B-1, the Senator has a parochial interest. On others, such as the Middle-East arms sale, he has a political interest. Nevertheless, he has generally pursued his opposition vigorously and it certainly could not be said that he was simply "going through the motions" to satisfy his constituents' interests. Obviously, to have the Democratic Whip actively oppose us on several key issues creates confusion and divisiveness in the Senate and plays into the hands of those who would undercut our policies, particularly the Republicans.

Some of the issues which the Senator may bring up are: (1) The Santa Monica Park - At one time you said that you would not approve funds in excess of \$125 million. According to our estimates, the bill now provides for approximately \$350 million. (2) L.A. Metropolitan Corrections Center - This is a \$22 million proposed center to house federal detainees. Senator Cranston is the key person on this issue; you have been opposed. (3) Undocumented Aliens Program - Your views differ with those of the Senator. If this subject is brought up you might

suggest pursuing this issue next year and express the hope that the Senator will help us to determine the best way to handle the legislation at that time. (4) Border Patrol Reorganization - Has been delayed till next year.

Senator Cranston serves on the following committees:

Banking, Housing, and Urban Affairs (5)

Subcommittees: Housing and Urban Affairs

Production and Stabilization (Chrmn)

International Finance

Committee on the Budget (4)

Committee on Human Resource (7)

Subcommittees: Employment, Poverty, and Migratory

Subcommittees: Health and Readjustment (Chrmn)

Housing, Insurance and Cemeteries

His wife's name is Norma.

B. Participants: The President
Senator Alan Cranston

C. Press Plan: White House Photo

III. TALKING POINTS

- A. I appreciate your strong support of Administration initiatives such as the Panama Canal Treaties, the Warnke nomination, SALT, and comprehensive test ban; and the guidance you have given Hamilton and Frank and others on these issues.
- B. I also appreciate your political support and the good things you have said about me in California. We frequently get unsolicited reports from California about your public praise of me.
- C. I have been discouraged, however, that you actively and often effectively opposed some of my key initiatives such as modifying veterans' preference, insuring cases involving racial discrimination in the civil service are not subject to duplicate jurisdiction, lifting the Turkey arms embargo, trying to keep the Middle-East negotiations afloat, and providing that tax law changes to encourage capital formation are fair and efficient.

He was under a lot of pressure to arrange a similar session this year.

MEMORANDUM TO THE PRESIDENT

FROM: LONDON BUTLER 
DATE: JULY 21, 1978
SUBJECT: POSTAL NEGOTIATIONS UPDATE

Attached is Wayne Horvitz' report on the tentative postal agreement reached last night.

The 19.5 percent total cost of the economic package is well within Charlie's range for a non-inflationary settlement.

6 1/2 % / yr

Because the agreement has yet to be ratified by the Executive Board and members of the unions, it remains important for the Administration not to comment on the non-inflationary aspects of the agreement.

July 21, 1978

MEMORANDUM

TO: Honorable Landon Butler
The White House

FROM: Wayne L. Horvitz, Director
Federal Mediation and Conciliation
Service

SUBJECT: Postal Negotiations

Tentative agreement has been reached between the United States Postal Service and 4 labor postal unions: the National Rural Letter Carrier Association, the American Postal Workers, the National Association of Letter Carriers and the National Post Office Mail Handlers, Watchmen, Messengers and Group Leaders Division of the Laborers' International Union of North America. All of these agreements are subject to various approval and ratification procedures of each of the unions, some of which may take as long as 15 to 20 days from the time that the mail ballots go to the field.

The principle features of the agreement are as follows:

I. Economic Package

A. The COLA adjustments from the previous

contract will be folded into the base rate under the new contract effective November 4, 1978. This amounts to \$1,518 a year per employee.

B. Present COLA formula will be continued for the life of the new agreement and will include one uncapped COLA adjustment in September 1978 and additional periodic capped adjustments throughout the contract period.

C. Wage increases to be effective at the start of each of the three years of the agreement will be 2% in the first year; 3% in the second year; and 5% in the third year. The total cost of the economic package including wages and cost-of-living is estimated to be 19.5% over the three year period.

The principal non-economic issue which divided the parties throughout the negotiations was the proposal by management to modify the no-lay-off provision. In the final analysis, management withdrew this demand as a trade off for the economic package.

There were a substantial number of less important changes that were made in the agreement and in various appendices, memoranda, and letters of intent which will be a part of the new agreement.

TALKING POINTS FOR CIVIL SERVICE REFORM "THANK YOU" CALLS

Chairman Robert Nix

- I appreciate the crucial role you played in getting civil service reform legislation reported by the Post Office and Civil Service Committee yesterday.
- Your determination to schedule hearings and mark-up -- and to stick to the schedule -- made all the difference.
- While we have many hurdles still ahead of us, yesterday's action by your committee gives us the momentum we need to carry us through to final passage.

"Will
Continue
work"

Congressman Mo Udall

- I realize that you were the key to the committee's work in reporting out a civil service reform bill. While there were many "ups and downs" along the way, your steady and committed leadership brought us to this first real victory on this issue in the House.
- I am personally very grateful for your hard work on what I know for you has been a very difficult and -- at times -- thankless task.
- As we prepare for the Rules Committee and for floor action, Chairman Campbell, my staff and I will provide whatever assistance you need to "clean up" the bill where necessary and to ensure passage. As we have to-date, we will follow your guidance.

"8/8 vote

"Germanene's

Congressman Ed Derwinski

- I want you to know that I am very much aware of the very important role you have played in moving our civil service reform bill through the Post Office and Civil Service Committee. At several key points along the way, the bill probably would not have survived had it not enjoyed bipartisan support.
- I know that you are very concerned about the Hatch Act provision and some items in the labor relations title. I share those concerns and we will be working with friends on both sides of the aisle to remove those provisions which are objectionable. In addition, we will need to work together to repair the damage done by the Spellman amendment. Inclusion of a strong Senior Executive Service in the bill is very important.
- Please accept my thanks for your very important help and for the bipartisan support the bill will enjoy on the floor because of your leadership.

MEMORANDUM FOR THE PRESIDENT

From: Charlie Schultze

Subject: Second Quarter GNP

Tomorrow (Friday, July 21), the Commerce Department will release its first published estimate of GNP in the second quarter. At the same time, revised GNP figures will be published for the past three years. (This is a standard revision that occurs every July.)

Second Quarter GNP

Real GNP is estimated to have increased at a 7.4 percent annual rate last quarter -- a bit higher than projected by Commerce a month or so ago, but less than the 8 to 9 percent rise that we had expected.

The GNP deflator in the second quarter increased at an annual rate of 10 percent -- the largest increase since the first quarter of 1975. We do not have enough detail yet to ascertain why the rise was so large, but a jump in food prices was no doubt the principal factor.

The principal reason for the shortfall in real growth from our expectations was a drop in Federal purchases of goods and services, principally reflecting liquidations of CCC loans. This is a normal development in a period of rapidly increasing farm prices -- farmers take their crops out from under loan and market them. Logically, this drop in CCC loans should roughly be matched by an increase in privately held farm inventories, so that the effect on GNP as a whole would be minimal. But the Commerce figures show a fall in private farm inventories during the second quarter implying a large decline in the combined sum of private plus government held stocks. We are puzzled by this, and know of no reason it should have happened. There is a real possibility that later revisions of the Commerce data will show that GNP growth in the second quarter was larger than 7.4 percent.

In other sectors of the economy, changes in the second quarter were consistent with our expectations of a strong rebound from first quarter production losses. Personal consumption expenditures rose at a 6.1 percent annual rate, adjusted for inflation. Sales of durable consumer goods were particularly strong, reflecting the rise in auto sales. Business fixed investment (in real terms) increased at an annual rate of 15 percent, and was 7.4 percent above the year-earlier level. Net exports recovered from the very poor first quarter performance.

The estimated change in GNP in the first quarter was not revised much -- it is now put at -0.1 percent. The first two quarters thus show an annual rate of growth of between 3-1/2 and 3-3/4 percent. Unless the second quarter GNP increase is revised upward as more data become available, the puzzle of why employment has grown so much and unemployment dropped so fast will be even greater than we had thought.

Revisions of Earlier Data

Data revisions for the three previous years are not of major interest. GNP growth over the four quarters of 1977 was revised down a little -- from 5.7 to 5.5 percent. This is an insignificant change.

There were some substantial revisions of previously published figures on incomes of major sectors. Growth of corporate profits was revised up -- after tax profits now show an increase of 13 percent over the four quarters of 1977. Estimates of net interest and rental income were both revised down. Early data on these sources of income are less reliable than for other forms, so that revisions are often relatively large.

MEETING WITH JESSE JACKSON

Friday, July 21, 1978

1:15 p.m. (15 minutes)

The Cabinet Room

From: Stu Eizenstat *Stu*
Bob Malson *Bob*

I. PURPOSE

Reverend Jesse Jackson and the Board of Operation PUSH have asked for this meeting to review a number of matters of interest to them.

II. BACKGROUND, PARTICIPANTS & PRESS PLAN

A. Background: I spoke with Jesse Jackson and he mentioned five points that he will raise: the Bakke case, Black colleges, jobs, Black business, and Andy Young.

B. Participants: Stu Eizenstat, Bunny Mitchell, Anne Wexler, Bob Malson

C. Press Plan: Photo opportunity

III. TALKING POINTS

A. Reverend Jackson and his colleagues are quite concerned about the Bakke case and its implications for the Federal Government.

o Suggested response: Issued yesterday a statement to all Departments and Agencies urging vigorous implementation of all affirmative action programs and other efforts to overcome the legacy of discrimination.

B. A number of Black leaders are concerned about Secretary Califano's recent statements which they believe represent an indication that the

Administration intends to close the traditionally Black colleges by cutting off their Federal aid.

- o Suggested response: We want to insure that colleges receiving Federal funds are managed efficiently. However, our concern in that regard does not in any way diminish our support for the Nation's Black colleges and the important educational roles that they play. You might wish to discuss your positive experiences with Atlanta University.

C. Reverend Jackson intends to reiterate his views of the need to increase the number of jobs available to Blacks.

- o Suggested response: We have strongly supported job creating programs and policies particularly for the disadvantaged:
 - We increased the level of public service jobs to 725,000 and have proposed to hold it at a high level through 1979;
 - We have supported a change in the existing employment tax credit to target it only to the disadvantaged;
 - Under our proposed Labor Intensive Public Works program we will modify the Local Public Works program to reserve a large percentage of the jobs for the disadvantaged;
 - We have continued to encourage more affirmative action by labor unions;
 - We have initiated a \$1 billion plus program for the employment of youth;
 - We have proposed a new \$400 million program of training subsidies to encourage the private sector, working through local business councils, to hire the disadvantaged.

D. The Black business community believes we have not accomplished as much in the way of positive achievements as they gathered during the Nixon Administration.

- o Suggested response: We are working actively to strengthen pending legislation which would increase the ability of the Small Business Administration to assist minority enterprises. We have encouraged minority set asides and have been successful in implementing a set aside program in the public works bill. Our minority contract awards in local public works programs have reached about 14%. Under our urban policy, all agencies will be required to adopt affirmative action plans for their major contract and grant programs.

E. You will be asked to indicate publicly your continued support for Ambassador Young.

- o Suggested response: You have spoken with Andy Young about last week's statement. While you disagree with his statement, there should be no doubt about your support for him and he is aware of that fact. Nevertheless, Andy has indicated to you that he regrets any harm he may have caused by his statement. You believe the principal involved is clear and that no further statements are needed.

F. Civil Service Reform

I would suggest that you make a strong pitch for Jesse to help you on Civil Service Reform under the premise that by changing the veterans preference you will free up greater opportunities for minorities to participate in the civil service system.

THE WHITE HOUSE
WASHINGTON

July 21, 1978

MEMORANDUM FOR: THE PRESIDENT
FROM: STU EIZENSTAT *Stu*
SUBJECT: Domestic Policy Staff Weekly Status Report

AGRICULTURE AND RURAL DEVELOPMENT

Sugar Policy: We have completed our final round of talks with representatives of the various interests and will be sending a decision memorandum within the next couple days.

Anti-Inflation Timber Study: Thanks to your note to Secretary Bergland, a final version of this study is on its way to the White House and will be forwarded to you next week after further staffing within DPS, OMB and CEA.

1969 Wheat Program: Analysis of the major options is still underway. A decision memorandum is due to come to you around August 5.

ENERGY

Solar Domestic Policy Review: Public hearings are completed; working group analysis of existing program and options for policy change due week of July 24.

CRBR: Flowers amendment containing the Administration-supported compromise failed on the House floor on July 14 by a vote of 187 to 142. We will continue to work with the Senate on keeping authority to terminate the CRBR although prospects are now uncertain. The DOE Authorization bill, which contains the CRBR provision, is likely to be withheld from the floor of both House and Senate for some time.

Dole Amendment: After conversations with the leadership, it appears that conferees will not be named on the Treasury Appropriations bill for some time -- probably not until natural gas has cleared the Senate. This will avoid a vote on a motion to instruct House conferees to accept the Dole amendment. Discussions will continue with the likely conferees to try to persuade them to reject the Dole amendment.

NEP: Coal Conversion bill passed by the Senate on July 18.

NATURAL RESOURCES

Water Policy: Directives to agencies have been approved and sent out. We are working with the state, county, and city organizations to establish the follow-up water policy task force. We are also drafting all the legislative components of the water policy for transmittal to the Hill.

International Whaling Commission: The IWC meeting in London at the end of June resulted in a small increase in allowable Eskimo bowhead hunting quota for subsistence purposes, based on new, accurate whale population counts which are higher than last year's rough estimates. The moratorium on commercial whaling was withdrawn from the IWC agenda after it was apparent that it would have received only a few votes.

Endangered Species: Efforts to amend the Act came to the floor in the Senate this week. The Culver-Baker Committee amendment, strengthened by some (but not all) Nelson amendments, prevailed and a Stennis amendment severely weakening the Act was soundly defeated. We have maintained our position that no amendments are necessary, hoping to achieve a minimally-damaging result from the Congress. The House has not developed any amendments yet.

Outer Continental Shelf: Conference will probably finish this week. The Coastal Impact authorization compromise is \$130 million, with a number of details to be resolved on Thursday.

Alaska d(2) Lands: We are working with Frank Moore's staff, Interior, and the environmentalists to achieve Senate action this year. It still appears unlikely that we will be successful, but we are working to get a good Committee bill out expeditiously and Senator Stevens has weakened in his opposition to a bill this year. However, it will be difficult to get a bill which is acceptable both to us and Stevens.

Deep Sea Mining: The bill will be on the House floor in the next few days, but Senate action appears unlikely this year. The House bill contains a "grandfather" provision we oppose, but does not include actual investment guarantees.

HEALTH

National Health Insurance: Principles will be released at the end of July. We are sending you a decision memo tomorrow.

Hospital Cost Containment: The House Commerce Committee reported a measure which essentially guts the Administration program. DPS and HEW are exploring prospects for a successful compromise in the Senate, in conjunction with Frank's staff.

COMMUNICATIONS

Regulatory Reform: We are working with Commerce to review the bill revamping communications regulation that was recently proposed in the House and will have a memo to you shortly.

Public Broadcasting: The bill, which remains fairly close to your proposal of last fall, has passed the House. It will go to the Senate floor shortly.

HUMAN RESOURCES

Pension Commission: The executive order was announced in a press release on Wednesday, July 12. Jim McIntyre is contacting people on their availability and interest in being considered for commission chairman. We should know more when he returns from vacation.

Rehabilitation Act Amendments: We have met with HEW staff and will meet with Hill staff to discuss negotiating points on a bill that the administration could sign. The recently passed House bill is \$400 million over the administration request and has many significant programmatic changes that we strongly oppose. The Senate may be more willing to compromise.

URBAN POLICY

We continue to work with Frank and Anne to move major urban initiatives through the Congress. Focusing on Supplemental Fiscal Assistance, Labor Intensive Public Works, State Incentive Program and the National Development Bank.

The four Executive Orders in the urban policy will be ready for your signature late this month.

HOUSING AND COMMUNITY DEVELOPMENT

New York City Financing: Conference action is completed, and the bill will probably be ready for your signature the week of July 31. I have recommended to Fran that you either sign the bill in New York or make a trip to New York to join Carey and Koch in the ceremony immediately subsequent to the bill signing.

Safe Banking Act: The House Banking Committee unanimously reported out legislation which would restrict insider bank loans, interlocking directorates, bank takeovers, etc. Favorable House floor action is expected shortly.

Local Property Tax Relief: I will submit a memo next week recommending a quiet study of options for federal relief of local property taxes. This study would be part of our ongoing evaluation of the General Revenue Sharing program which expires in 1980.

Consumer Cooperative Bank: The Senate approved legislation essentially as recommended by the Administration by 60-33. We are recommending a Rose Garden signing ceremony.

American Motors: American Motors (AMC) has approached the Commerce Department seeking a \$109 million loan guarantee to retool their plant. Congressmen Brademas and Aspin have a strong interest in this request.

Since other major corporations also are seeking loan guarantees (i.e. Chrysler), we have decided not to deal with AMC in isolation. We have appointed a task force to suggest policies to guide future Federal assistance to major corporations. The task force is chaired by Commerce and composed of OMB, CEA, Treasury and DPS. Recommendations to you by late August.

CIVIL SERVICE

On July 19 the House Committee voted to report the Civil Service legislation, a significant victory for us. However, the reported bill has policy problems because the committee: added the Hatch Act Reform and the Firefighter's bill which you vetoed, made the Senior Executive Service a two year experiment within three agencies, voted a compromise labor relations section that still goes too far, and includes an overly protective standard for judging employee discipline. The bill reported by the Senate committee is in much better shape. Aside from the veterans preference area, the major part we object to in the Senate bill is a provision requiring

that the OPM director can be removable only for cause, which would effectively remove Presidential control over the Federal Personnel Management, and we will try to knock this out on the floor. We are meeting with Senator Cranston's staff on possible compromise positions in the veterans preference area. We will continue to work with Frank's staff and Scotty Campbell on legislative-policy strategy.

OPENNESS AND INTEGRITY IN GOVERNMENT

Lobby Law Reform: The bill has passed the House, completed Senate hearings, and Senate committee markup should resume next week. Senators Muskie and Mathias oppose key provisions which cover grassroots solicitation and disclosure of contribution to lobbying organizations, important elements of a lobby reform bill. However, Muskie and Mathias appear to have a number of votes on their side in committee, and we are working with their staff in an attempt to reach a compromise so that the bill will be reported from committee. Ribicoff, Percy and others on the committee are directly opposed to the Mathias-Muskie approach.

MEMORANDUM FOR THE PRESIDENT

FROM: JACK WATSON *Jack*

SUBJECT: Presidential Letter Welcoming the First
Class of Presidential Management Interns

Attached for your signature is a letter prepared by Scotty Campbell welcoming the first class of Presidential Management Interns.

There are 250 men and women in this first class. The program was established by an Executive Order you signed on August 25, 1977.

The interns begin their orientation on Monday, July 24.

THE WHITE HOUSE
WASHINGTON

July 21, 1978

TO THE 1978 PRESIDENTIAL MANAGEMENT INTERNS

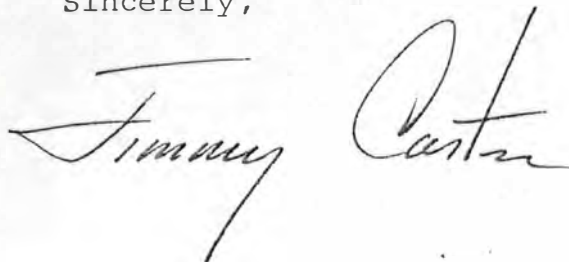

It is with great pleasure that I welcome you as a member of the first class of Presidential Management Interns. This Program, first advocated by me during the 1976 Campaign, is one of my Administration's first accomplishments in strengthening and revitalizing the Federal Government's work force.

You are entering the Federal Government during one of the most critical periods in its history. The effectiveness and efficiency of the bureaucracy are being challenged by issues and problems which are unprecedented in their complexity. At the same time, citizen confidence in government is declining, making the tasks we face even more difficult.

These challenges cannot be answered with rhetoric or superficial change. Our responses must be substantial, meaningful government reform. We must make the management of public affairs consonant with the public good, and we must be held accountable for our efforts to do so. Federal managers must be responsible for the administration of specific programs and for insuring that those programs are responsive to public needs. Effective public managers must not only be competent; they must be sensitive, dedicated and concerned.

As Presidential Management Interns, I call upon you to realize your full potential and meet the great challenges of the public service. I know that my trust and confidence in you will prove to be well placed.

Sincerely,

A handwritten signature in dark ink, reading "Jimmy Carter". The signature is written in a cursive, flowing style. The first name "Jimmy" is written with a large, sweeping "J" and "i". The last name "Carter" is written with a large, sweeping "C" and "t". The signature is positioned below the word "Sincerely,".
